

Badby Village Hall

Restrictions on the use of Bouncy Castles and other Excluded Activities

Badby Village Hall Management Committee has an insurance policy that will cover most accidental injury or damage while the Hall is hired for personal non-commercial use. However, there are some specific exclusions including:

- *any liability arising out of the use of bouncy castles or other inflatables fly walls bungee equipment trampolines or any similar activity equipment*
- *any liability arising from bonfires and fireworks*
- *any liability arising out of any organised contact sports (including martial arts) activities*

A full statement of cover and exclusions is available from the Treasurer.

We are required to protect the charity's assets and we will not allow a bouncy castle to be used (or other Excluded Activity to take place) without full insurance cover indemnifying both the hirer and the Village Hall (including the Management Committee and its members). We will only allow the use of a bouncy castle (or any of the Excluded Activities) in one of the following circumstances.

- (1) Hire of the Hall by a group, society, organisation or professional person with their own third-party public liability insurance that covers the use, and supervision of use, of the bouncy castle (or Excluded Activity) throughout the hire period.**
- (2) Hire of the Hall by an individual hirer who contracts a company to supply, erect, attend and supervise the use of the bouncy castle (or Excluded Activity) throughout the hire period AND the company has an insurance policy indemnifying the hirer and the Village Hall against any accident or incident to any person from the use of the bouncy castle (or Excluded Activity) throughout the hire period.**

We will require a copy of the documentary evidence of (1) or (2) before a booking involving a bouncy castle or Excluded Activity will be accepted.

Please note: the wooden floor in the Hall must be protected at all times from any damage from the equipment or by those using it. There are no anchor points to secure a bouncy castle/inflatable so adequate weights must be used without damage to the floor. If damage is found, then any costs of repair will be charged to the hirer.

Badby Village Hall Management Committee accepts no liability for any damage or injury caused from the use of a bouncy castle or other Excluded Activity. Under the Terms and Conditions of Hire for Badby Village Hall, you (the hirer) accept all responsibility for use of Badby Village Hall during the hire period, and you indemnify Badby Village Hall Management Committee and its members, jointly and severally, against any liability during the hire of Badby Village Hall.
